This CD features **Susanna Lindeborg** solo in sparkling piano improvisations of many colours. A couple of tracks combined with electro acoustic backgrounds.

Susanna Lindeborg, piano and keyboard, started her professional musical career in the beginning of the 70th. From her classical upbringing she turned into work with jazz and improvisation, which showed to be her right element.

The thing you first think of together with Susanna Lindeborg is her work with the mix of acoustic and electronic instruments, which has been known most of all through **Mwendo Dawa**, which she is the leader of together with saxophone player Ove Johansson. Mwendo Dawa has been succesfully touring in 20 countries in Europe, North and South America performing at festivals like Montreux, Northsea and Montreal. The last few years she has been regularly visiting USA and Canada with Mwendo Dawa. Susanna also writes a lot of the repertoire for the group.

Besides Mwendo Dawa Susanna Lindeborg toured a great deal with the female jazz group **Salamander** during the beginning of the 80th. Salamander arouse a lot of attention on the European continent and in USA and Susanna came to tour a lot internationally with these two groups. Today you can also hear her in the **Lindeborg/Johansson Duo** and she also is performing solo doing a improvisational performance together with her computers doing electro acoustical backgrounds.

Susanna Lindeborg writes her own music and some of this got profiled when she released her first soloCD 1989.
