sten sandell  
piano voice elektronik

Contemporary ethnic music from the baltic sea with sten sandell. With his new solo album he explores a new land full of short songs for piano and voice and electronic landscapes from the north...

The press about the solo CD "solid musik" (nuscope CD 1013)  
In Fanfare magazine, Art Lange says, " Sten Sandell, from Sweden, is a versatile player who over past three decades has worked with most of the Continent's best improvisers, but has a special reputation as a solo performer...Sandell's harmonic syntax is basically chromatic, with an implicit tonal gravity; his rhythms alternate between static and propulsive. He has a keen sense of line and shrewdly knows how to build tension and how to dissipate it. All of these things combine to make Solid Musik one of the most impressive piano recordings I have heard in a long time."  
According to Bill Meyer in Signal to Noise magazine, Sandell's music is solid, grounded, quite comfortable with itself. And I haven't heard a better piano record all year."
